Ocean Solar Co.,Ltd

10 years of experience / **1GW** Annual output / **100W** pieces per year

Ocean solar, as one high-tech enterprise focusing on the production of high-efficiency monocrystalline and polycrystalline solar modules, which serves domestic and oversea installers, distributors and factories engaged in off-grid and on-grid solar energy systems. At the same time, we also provide high-quality raw materials one-stop service for overseas solar panel manufacturers to optimize supply chain.

We were established in **2012**, committed to the production of solar panels for more than **10 years**, mature production technology, professional R & D team.

The head office of the company located in Jincheng Town, Jintan District, Changzhou City, Jiangsu Province. Sales team is located in Changzhou and Suzhou, which dedicated to the development of overseas markets. The second plant is located in Ma'anshan, Anhui Province, with an annual production capacity of **1GW**. We can provide **10W-660W solar panels**, as well as provide customers with personalized customized services.

Since established, Ocean solar panels have been exported to Australia, New Zealand, Spain, Germany, Ukraine, Russia, Vietnam, Thailand, the Philippines, South Africa, China and many other countries and regions. So far, the total export exceeds **1GW** solar panels.

With the concept of "**WORLD SHINES BECAUSE OF YOU**", we provide customers with high-quality, stable, reliable and price-competitive products, and establish long-term cooperation and win-win business. In order to reach peak carbon-dioxide emissions, achieve carbon neutrality, and the development of green energy as soon as possible, ocean solar will fully cooperate with global customers to create a better future.

Events of OCEAN

The best preparation for tomorrow is to do your best today. If you want to succeed, don't aim for success. Time accumulation and continuous improvement are opportunities for success.
